Installing Rip Rap and Fabric at Waverly Lake and Franklin Lake

The City of Waverly will be stabilizing 1,320 feet of shoreline on Waverly Lake and Franklin Lake; 300 feet is allocated to Franklin Lake and 1,020 feet to Waverly Lake. Shoreline stabilization will occur at 9 separate locations; average length of each segment is 144 feet and the maximum length is 251 feet. Stabilization will need to be performed using a combination of shoreline protection. Bank placement and "Breakwater with Transitional Wetlands" design where water depths and slope permit. "A" Quality RR-3 rock and filter fabric.

Please note: The quantity for placement may vary and increase upon bidding.

Sealed Bids will be received until 2:00 p.m., prevailing time, on October 24, 2017 at the City Clerk's Office, 171 North Pearl Street, City of Waverly, 62692. All bids submitted shall be clearly marked to indicate them as bids on the outside of the sealed envelope. All bids received will be publicly opened and read by the City in the City Council chambers.

The bidder will be required to have: Minimum 3 million in liability coverage.

Please contact Steve Edwards at City of Waverly for a set of detailed plan and bid information. Contact info is 217/435/4111 or via email at cityofwaverly@gmail.com
